<b>SUBJECT</b> Approval of Training Providers for The Principal Training Program (AB 75)	<b>X</b>	<b>ACTION</b>
		<b>INFORMATION</b>
		<b>PUBLIC HEARING</b>

**Recommendation:**

The California Department of Education requests the State Board of Education approve the list of training providers for The Principal Training Program (AB 75).

**Summary of Previous State Board of Education Discussion and Action**

The State Board of Education approved the Principal Training Program Criteria and Requirements for the approval of training providers at the February 6-7, 2002 meeting.

**Summary of Key Issue(s)**

Local Educational Agencies must use the State Board of Education approved training providers for The Principal Training Program. Principal Training Program curriculum is delivered in three modules. The training includes 80 hours of institute or classroom instruction and 80 hours of practicum.

Module 1 emphasizes the knowledge and actions required to lead and assist teachers in fully implementing the standards-based instructional programs approved by the local school board; and to plan, monitor, and act on assessment data for improving instruction and student achievement.

Module 2 focuses on the elements necessary to align monetary and human resources to appropriate priorities to support and monitor effectiveness of instruction and improvement on student achievement.

Module 3 focuses on technology applications, which link and support Module 1 and Module 2, in addition to serving a key role for process, and system-wide improvements.

Provider applications have been reviewed using the State Board of Education adopted criteria. To date, eleven (11) providers have been approved for Module 1; twenty-seven (27) providers have been approved for Module 2; and twenty-four (24) providers have been approved for Module 3.
